What is a Brethren House host?

Brethren House hosting offers a unique opportunity to participate in and support the Bethany community on a personal level—living, working, and fellowshiping with our faculty, staff, and students.

Hosts live in Brethren House free of charge and, in exchange, offer their time and talents to the Seminary. Work opportunities vary with the season, but often include

- x Hospitality and housekeeping for Brethren House guests
- x Airport pick-ups or drop-offs
- x Reception work at Bethany
- x Seasonally appropriate maintenance and landscaping
- x Participation in the life of the Seminary in whatever other ways seem appropriate and attractive to the host

Please bear in mind that while the Seminary strives to cater to a wide range of ages and abilities, Brethren House facilities are not handicap accessible. Hosts should be able to comfortably handle at least two flights of stairs as well as housekeeping and maintenance work.
